FACTION RULES: SERAPHON

HEROIC TRAITS

You can pick a heroic trait from this table instead of from other Heroic Traits tables available to this faction.

SERVANTS OF THE COSMIC ORDER (HERO only)

⚙️ **Once Per Turn, Reaction:** You declared the 'Further the Great Plan' ability

KEEPER OF THE OLD WAYS: *Having spent centuries poring over tablets of the Old Ones or in deep meditation, or perhaps through some primal intuition, this Seraphon possesses knowledge of ancient secrets concerning the workings of the cosmos.*

Effect: You can pick 2 different **ASTERISM** abilities instead of 1. They are both used in addition to the one you picked in the deployment phase.

🛡️ **Passive**

CHILD OF THE STARS: *This warrior is made of pure star-matter, immortal and eternal.*

Effect: If this unit would be destroyed, before removing it from play, roll a dice. On a 3+, this unit is not destroyed and any remaining damage points inflicted on it have no effect. Then, **Heal (D3)** this unit. This unit cannot use this ability again for the rest of the battle.

🗡️ **Any Combat Phase**

CHOSEN OF QUETZL: *This champion of Quetzl the Preserver is a master tactician, coordinating the movement of nimble skinks to outmanoeuvre the foe.*

Declare: Pick a visible friendly non-MONSTER SKINK unit that is in combat and is wholly within 12" of this unit to be the target.

Effect: Roll a dice. On a 3+, the target can move up to 8". It can move through the combat ranges of enemy units but cannot end that move in combat.

MONSTROUS TRAITS

Monstrous Traits are enhancements that can only be given to **MONSTERS**.

⚙️ **Passive**

TITAN OF THE LAND: *This warbeast has absorbed so much of its environment's latent magic that it has become a locus of the natural energies of the Mortal Realms.*

Effect: This unit counts as a terrain piece for the purpose of picking targets for the friendly **Realmshaper Engine's** 'Power Unleashed' ability. Do not inflict any mortal damage on this unit as part of that ability.

🛡️ **Passive**

ANCIENT DEFENDER: *This venerable beast has seen countless battles, as evidenced by its heavily scarred hide.*

Effect: Add 1 to hit rolls for attacks made by this unit's **Companion** weapons.

🗡️ **Any Combat Phase**

ARMOUR CRUNCHER: *The sheer heft and strength of this beast sees it crush and crumple well-protected foes in their own armour before it even gets around to tearing into them with tooth, horn and claw.*

Declare: Pick an enemy unit in combat with this unit to be the target.

Effect: Roll a dice. If the roll equals or exceeds the target's Save characteristic, subtract 1 from save rolls for the target for the rest of the turn.

SAURUS OLDBLOOD

ON CARNOSAUR

The formidable leaders of the Old Ones' war-hosts, Saurus Oldbloods project an aura of primal authority that has seen the Seraphon earn many victories in the Jade Kingdoms. When mounted atop a deadly Carnosaur they take command of saurian cavalry, inciting a murderous aggression amongst both riders and their flesh-ripping mounts.

☠ Carnosaur's Massive Jaws Companion	3	4+	2+	2	4
Carnosaur's Clawed Forelimbs Companion	5	4+	2+	1	3

☠ Passive

BATTLE DAMAGED

Effect: While this unit has 10 or more damage points, the Attacks characteristic of its Carnosaur's Massive Jaws is 2.

☠ Passive

FRENZIED BY BLOOD: *The scent and taste of freshly spilled blood drives Carnosaurs into a killing frenzy.*

Effect: Add 1 to the Damage characteristic of this unit's Companion weapons while it is within 6" of any damaged enemy units or while it is within 6" of any enemy units that had any models slain in the same turn.

⚙ Passive

ALPHA PREDATOR: *Aggradons instinctively know that where an alpha Carnosaur treads, carnage ensues.*

Effect: Friendly Aggradon Lancers do not lose **rage tokens** at the end of the turn while they are wholly within 12" of this unit.

⚙ Once Per Turn (Army), Any Combat Phase

THUNDEROUS ROAR: *The sheer concussive force of an alpha Carnosaur's bellow can temporarily stun its prey.*

Declare: Pick an enemy unit in combat with this unit to be the target.

Effect: Roll a dice. On a 3+, the target cannot use commands for the rest of the turn.
